INTRODUCTION

Floors that last. Detail that *shows.*

We are a flooring contractor founded by two craftsmen with more than fifty years of combined experience in the trade — bringing that expertise together under one company in 2024.

Evolution Flooring Contractors specialises in commercial sheet vinyl and safety flooring, luxury vinyl tile, hardwood and engineered staircases, and poured resin systems. We work across healthcare, education, retail and residential sectors throughout the East Midlands and beyond — taking on everything from a single washroom up to full-building fit-outs.

Every project is installed personally by Terry, Nick or a tradesman trained the same way: to the welded seam, the coved upstand, the chrome nosing, the hot-air-finished perimeter. Our portfolio speaks plainer than any specification document — the work below was completed within the past 24 months.

SECTION II

02

Luxury Vinyl *Tile* & Plank.

Karndean, Amtico and Polyflor LVT installed plank-by-plank to a glassed sub-floor — for offices, halls, retail, residential and any space where the look of timber is wanted with the durability and price-point of premium vinyl.

MATERIALS

Karndean · Amtico ·
Polyflor

SECTORS

Offices · Halls · Retail
· Residential

PATTERNS

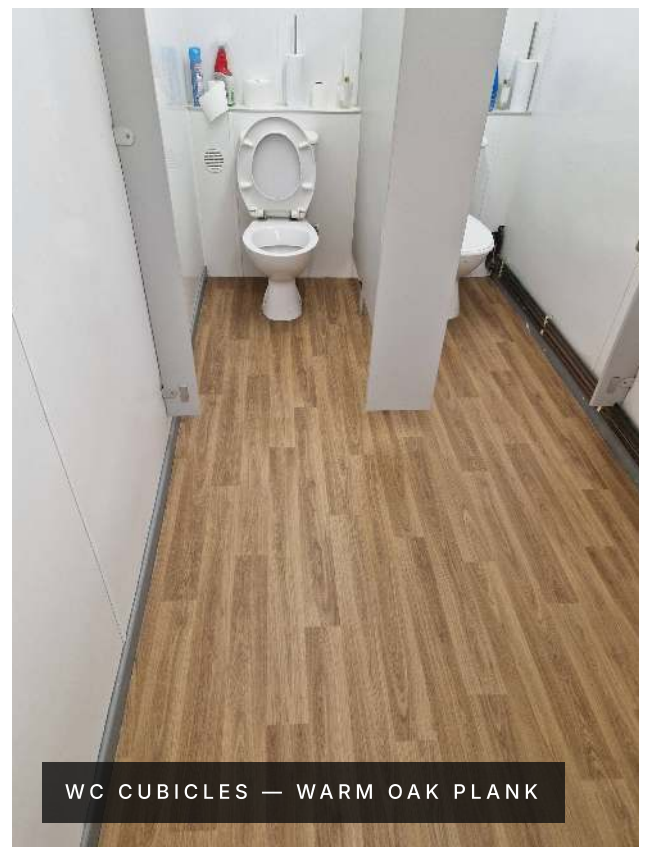

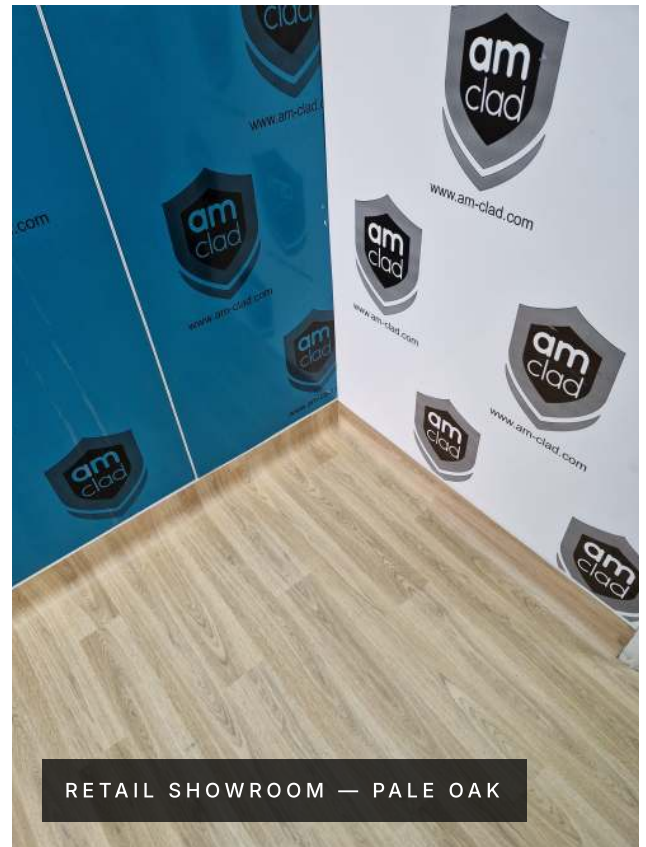

Plank · Herringbone ·
Stretch · Chevron

SUB-FLOOR

Latex levelled ·
Moisture tested

Selected works • *LVT & plank*

KARNDEAN · AMTICO
POLYFLOR & EQUIVALENTS

03

Resin & Poured *Floors.*

Self-smoothing epoxy and polyurethane systems installed for retail, industrial and commercial back-of-house — a seamless, monolithic finish that wears, cleans and sweeps to the wall.

SYSTEMS

Epoxy · PU · Self-smoothing

FINISH

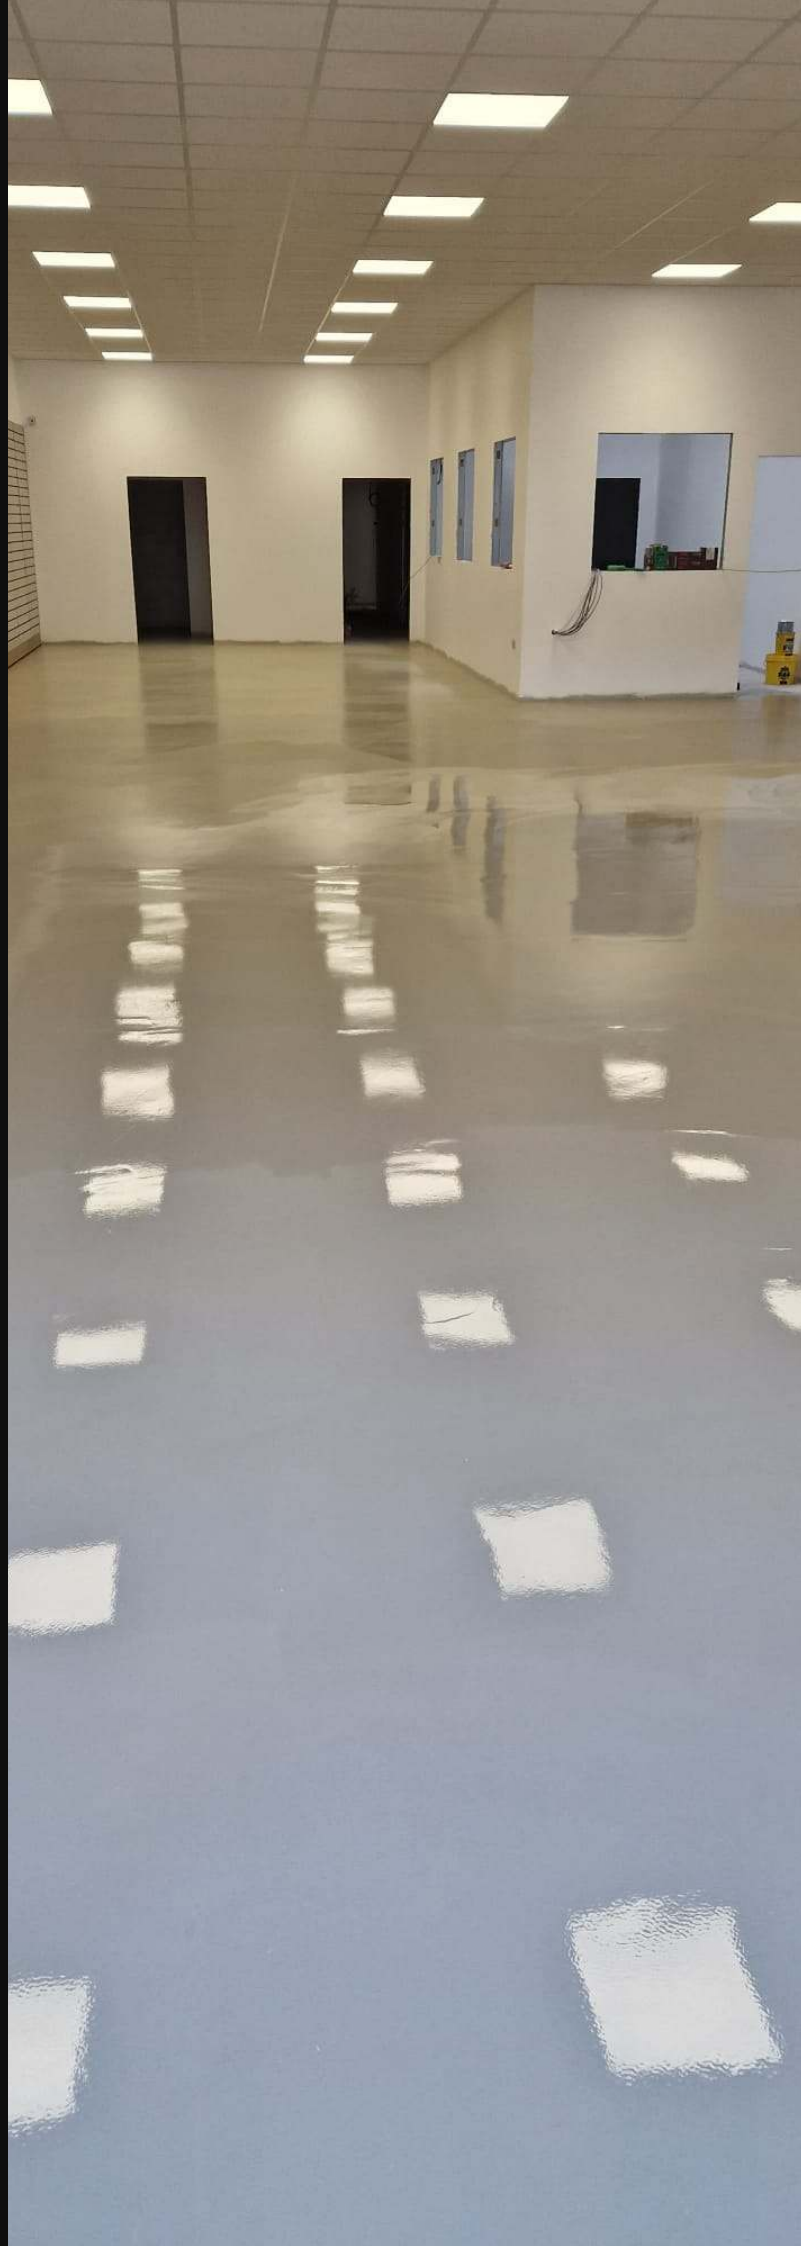

High-build gloss · Matt · Slip rated

SECTORS

Retail · Industrial · Workshop

SUBFLOOR

DPC tested · Mechanically prepped

Project feature • *retail fit-out*

HIGH-BUILD EPOXY
SELF-SMOOTHING SYSTEM

RETAIL FIT-OUT — HIGH-BUILD EPOXY

A monolithic, seamless finish poured edge-to-edge — diamond-prepped, primed and laid in a single working day.

SYSTEM

Two-pack epoxy
Self-smoothing
3-4mm build

PREP

DPC tested
Diamond ground
Crack repaired

FINISH

High-gloss seal
Slip-rated R10
Cleanable

SECTION IV

04

Stairs, Wet Rooms & *Detail.*

Where the trade earns its name — chrome-nosed staircases in solid and engineered timber, fully welded wet-room sets with coved upstands, and the precision cuts around columns, pipes and door linings that distinguish a finished installation.

STAIRS

Engineered oak ·
Walnut · Hickory

WET ROOMS

Welded sheet ·
Coved upstand

DETAIL WORK

Pipe cuts · Column
scribes · Door linings

FINISH

Chrome nosings ·
Hot-welded seams
